INSULATED LOHAS

Congratulations on your selection of the Insulated Lohas.

Please read and follow the instructions carefully and you will enjoy your thermal flask for many years.

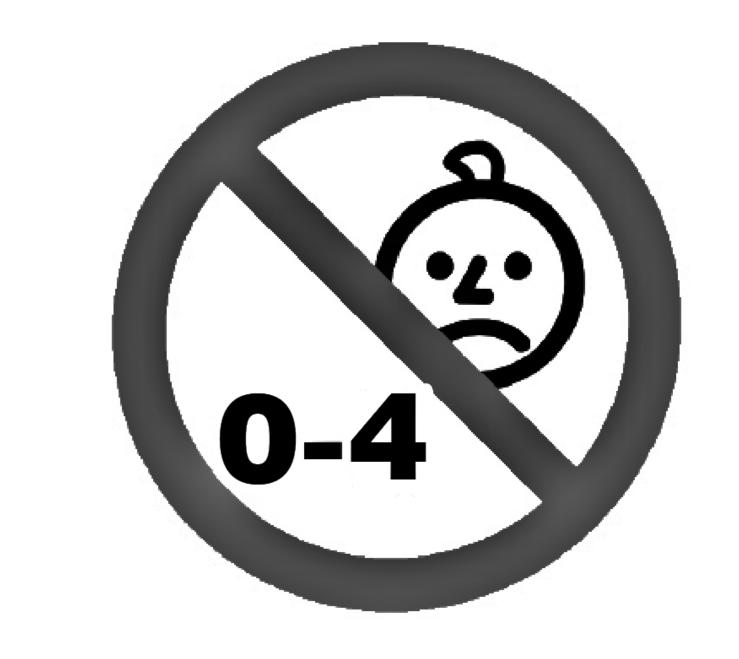

Preserving your future

Composition

(a) Straw top cap(b) Thermal Flask

Use & Care:

- Always wash and rinse your new product before first use.
- For best results, it is recommended to first fill the product with hot (not boiling) water before using for warm

drinks, or to fill with cold water before using for cold drinks.

• Do not fill above the bottom of the screw thread.

Cleaning guidelines:

- The product is not dishwasher safe. Handwash only.
- Always clean all parts of your product after each use.
- Wash the product by hand with warm water and dish detergent. Rinse well. Drain and dry thoroughly before storing.
- Do not immerse in water.
- Avoid abrasive cleaners or bleach.
- For thorough cleaning, remove the straw from the cover and clean both the straw and spout with a straw brush. Place the straw immediately back in place when dry in order not to lose it.
- Always store the product open when not in use.

Safety guidelines:

- Attention! Do not use this product for drinks above 45°C /113°F.
- Do not use to store or carry carbonated drinks. Do not use with carbonating devices.
- Do not stir using metal utensils.
 Do not use to keep milk products warm because of the possibility of bacterial growth.
 When transporting, please keep the cover closed and the product upright. Do not shake the product.
 This product should only be used by children under the supervision of an adult, especially when the product contains hot contents. Hot liquids or hot foods can burn or scald the user.
 Heavy impact may reduce the vacuum performance and damage the exterior finish.
 Keep away from direct heat or heat sources.
 Always open the product with the opening away from you as content might splash out.

The Tupperware commitment

Our products reflect our commitment to making a measurable impact on the world around us. At Tupperware, we design all products with minimizing plastic and food waste in mind. By creating quality, durable and reusable products made to stand the test of time, we're supporting our mission to reduce waste for the longevity of our planet, our people and the communities in which we live and work.

The Tupperware Insulated Lohas is covered by a Tupperware warranty against any material or manufacturing defects that may occur when using the product according to directions and in normal household use.

The warranty does not include damage to the product resulting from negligent use or misuse which may include overheating, stains and scratches on the inside and outside, or any nicks it may have received or if it has been dropped.

The warranty does not cover any damage to the decorative printing on the product.

If your product is covered by warranty, please refer to the warranty terms applicable to your country for a full description of coverage.

Your Tupperware product is meant to be used again and again. If for any reason your product is damaged and not covered by warranty or you no longer need your product, please be responsible and recycle it, or let us know if we can help you.
